SHORT TWEET FROM THE POTENTATE

Es Selamu Alekium Nobles

We all understand that communication is essential for any organization. Information must flow so that its members know what is happening within the organization. I hope with the AfifiGram, we can get the information out to our nobles sooner than later. However, communication is a two-way street. We also need to receive information from our Clubs and Units on how they are doing, what they are doing, and what activities or events they are planning to communicate to the Nobility of our Temple.

If you do call me and I don't answer, leave me a message. I do answer my calls unless you come up as an Unknown Caller. If you can't reach me by phone, email me. I usually answer my emails within 48 to 72 hours unless it's an emergency.

Enjoy this first issue of The Afifi Gram.
